

SIXTY YEARS, FOUR GENERATIONS, AND THOUSAND'S OF CHOICES

It was 60 years ago that Naturwood Home Furnishings opened for business. Still family owned and operated, we have served many Sacramento families with their home furnishings from generation to generation. Furniture is the third largest investment a family makes; that is why it is important to purchase with a company that cares about their customers and stands behind the product that they sell. Come visit Naturwood today and experience the difference.
